THE BUSH CENTER *Newsletter*

Celebrating America's Warriors

From April 30 — May 2, President George W. Bush and Mrs. Laura Bush hosted the Bush Institute's fifth annual Warrior 100K (W100K) — a 100 kilometer bike ride for the United States military personnel wounded in Iraq and Afghanistan.

This year's ride took place at President and Mrs. Bush's Prairie Chapel Ranch in Crawford Texas. Seventeen Warriors were chosen to participate, representing the Army, Marine Corps, and National Guard.

PRIDE IN AMERICA'S HEROS

Before the ride began, President Bush recognized the service and sacrifice of the warriors, stating: "I'm proud to be their friend, I was proud to be their Commander in chief, and now I'm proud to be riding mountain bikes with them."

This year's W100K was the first time Team 43 alumni were invited back to join the ride on the final day. Fifteen warriors from past W100K rides joined the 2015 warriors and President Bush for the final 20 miles of the ride. It was the start of a unique tradition to help warriors to expand their networks and get to know fellow service members.

To view photos and highlight video from the W100K and learn more about this year's riders, visit www.bushcenter.org/w100k.

NEXT UP: WARRIOR OPEN

The W100K is the first of two signature annual events hosted by the Bush Institute's Military Service Initiative. On September 29 and 30, President Bush will host the fifth annual Warrior Open — a competitive 36-hole golf tournament that also honors U.S. service members wounded in the global war on terror and spotlights organizations that support service members and their families..

GOP FAIR BOOTH *Activities*

The GOP had a booth at the Oregon State Fair in Salem. The booth had some information about State candidates, but concentrated on the presidential race coming in 2016. There was a straw poll being conducted with the top 12 Republican candidates. Donald Trump was the clear winner taking 48% of the vote with Carson coming in second with 24%. It is important to note that these results were as of Thursday, but clearly a trend had been established.

Article courtesy of Rubicon Gazette, Steve Brock editor.

This is a reprint from the Benton County Republican Women's Newsletter. Obviously I thought it was worth passing on. Particularly offensive is the last bulleted item; a 3.5% Real Estate tax . . . fo the government. . . Really? We should all be revolting against this. . .

In Case You Didn't Know...

As a brief reminder for those who forgot, or for many who didn't know, here's what happened, quietly, on January 1, 2015:

- Medicare tax went from 1.45% to 2.35%
- Top income tax bracket went from 35% to 39.6%
- Top income payroll tax went from 37.4% to 52.2%
- Capital gains tax went from 15% to 28%
- Dividend tax went from 15% to 39.6%
- Estate tax went from 0% to 55%
- A 3.5% Real Estate transaction tax was added.

Remember these facts:

- These new taxes were all passed *solely with Democrat votes!*
- *Not a single Republican voted for these new taxes!*
- These new taxes were all passed in the *Affordable Care Act, aka Obamacare.*

There are many millions of people in the U.S. A. who don't know this. If you think it is important that everyone in the U.S. know this, then PASS IT ON!
